Surroundings today...

Frankfurt may seem like one big jigsaw puzzle. There are so many little parts it's hard to know where to begin. Surroundings will help you piece it all together with profiles and features on notable personalities, places and events in and around Frankfurt. Surroundings is the only quarterly English-language magazine that provides an insider's look at the region and covers everything from local culture, cuisine and customs to restaurants and travel tips.

Surroundings -- the missing piece
